Dynamic Content Blocks · https://essential-blocks.com/docs/eb-advanced-tabs/

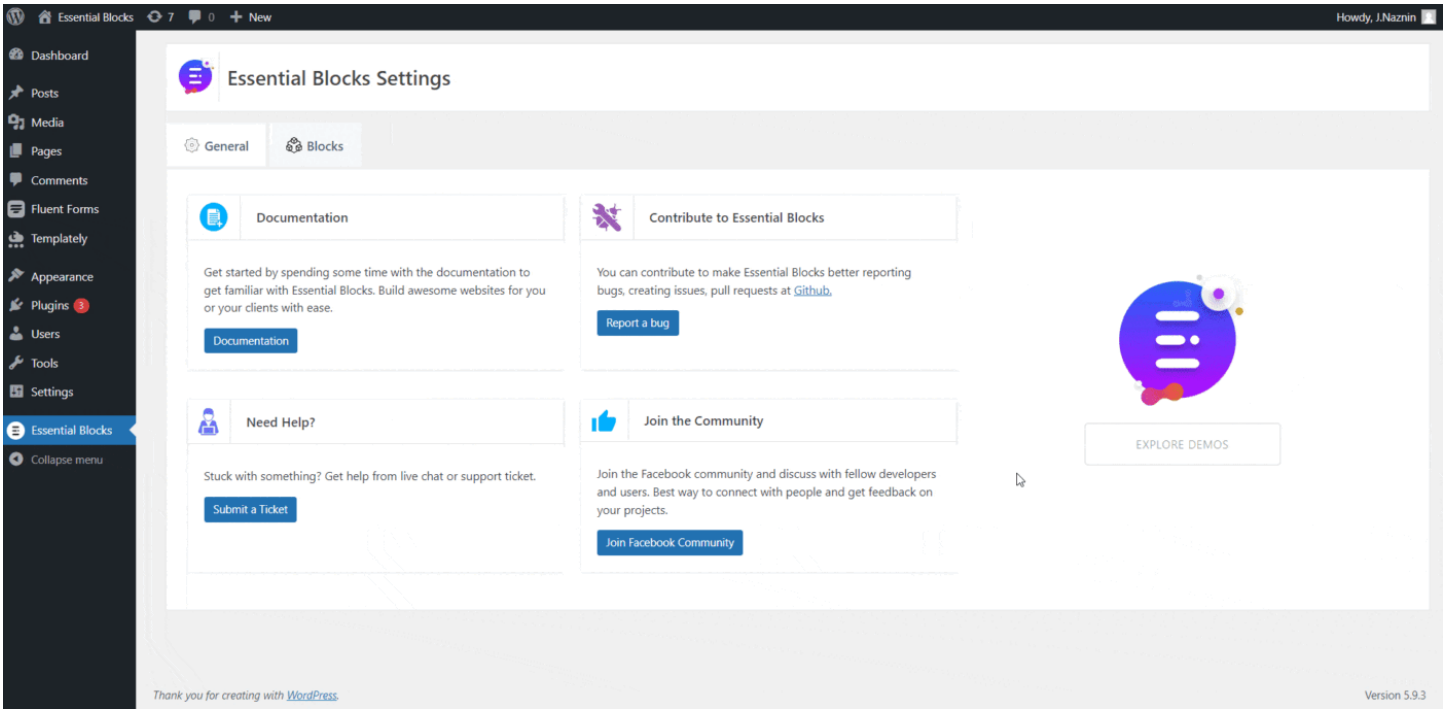

With **EB Advanced Tabs**, you can highlight information, and display important details beautifully with nested tabs. **Essential Blocks For Gutenberg** lets you easily add this useful block with multiple customizing and styling options.

Follow the step-by-step guidelines to **add Essential Blocks Advanced Tabs** using Gutenberg.

Note: Before starting with the EB Advanced Tabs, make sure that you have Essential Blocks For Gutenberg **installed and activated** on your site.

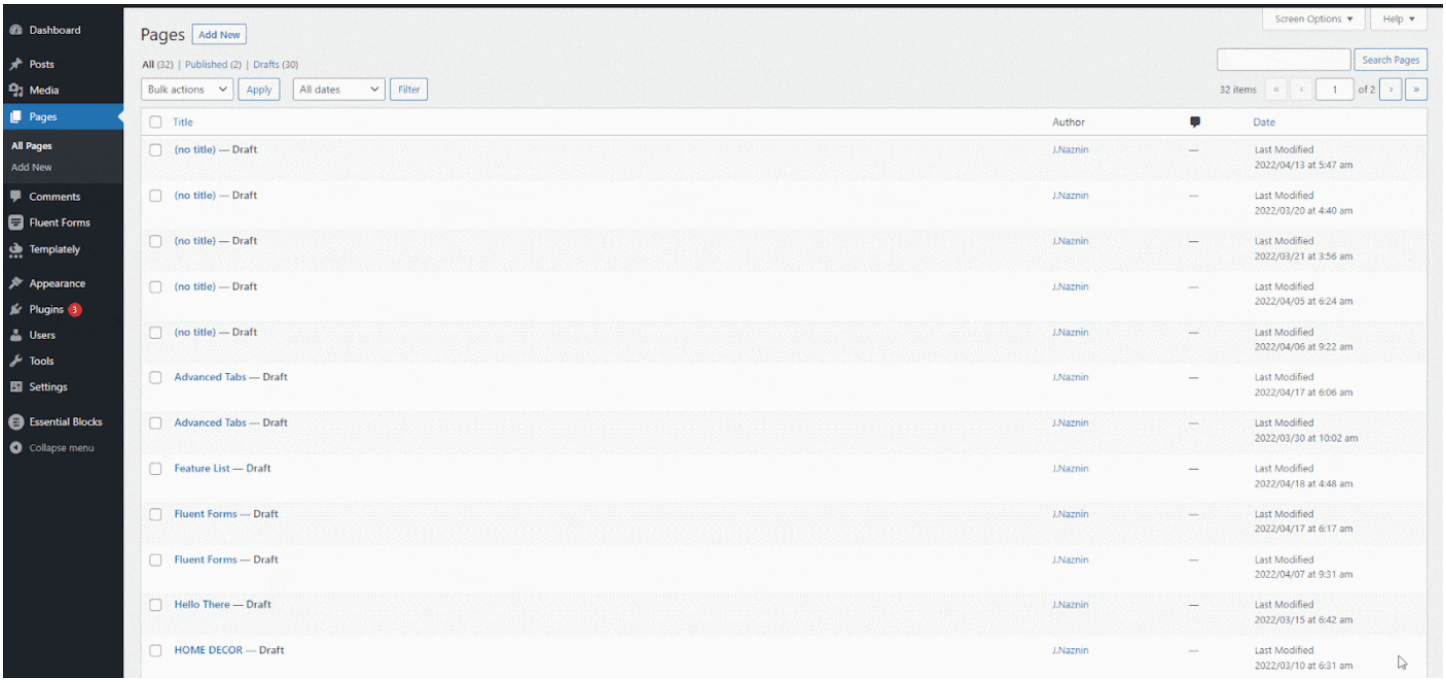

How To Activate Essential Blocks Advanced Tabs?

To activate EB Advanced Tabs, navigate to **Essential Blocks → 'Blocks'**. Then, toggle to enable this 'Advanced Tab' block. After that, click on the 'Save' button.

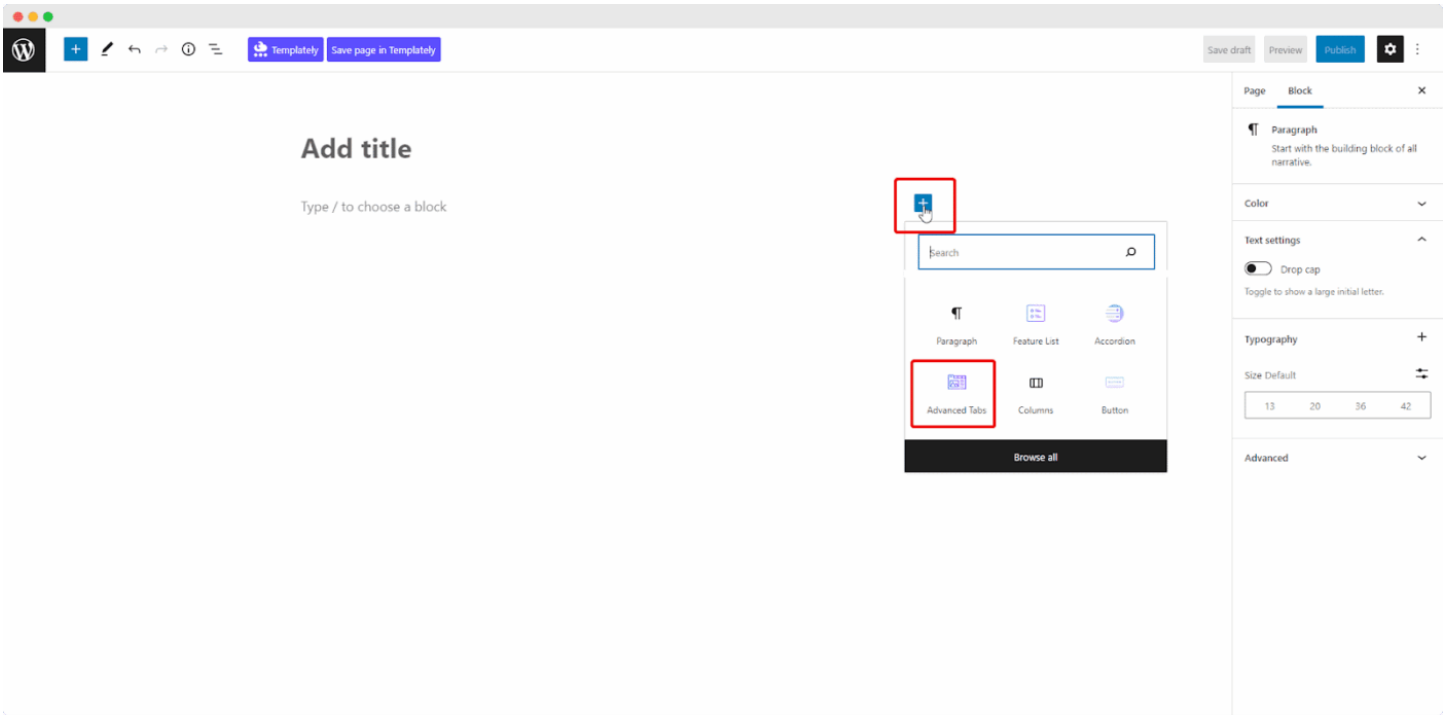

How To Configure Essential Blocks Advanced Tabs?

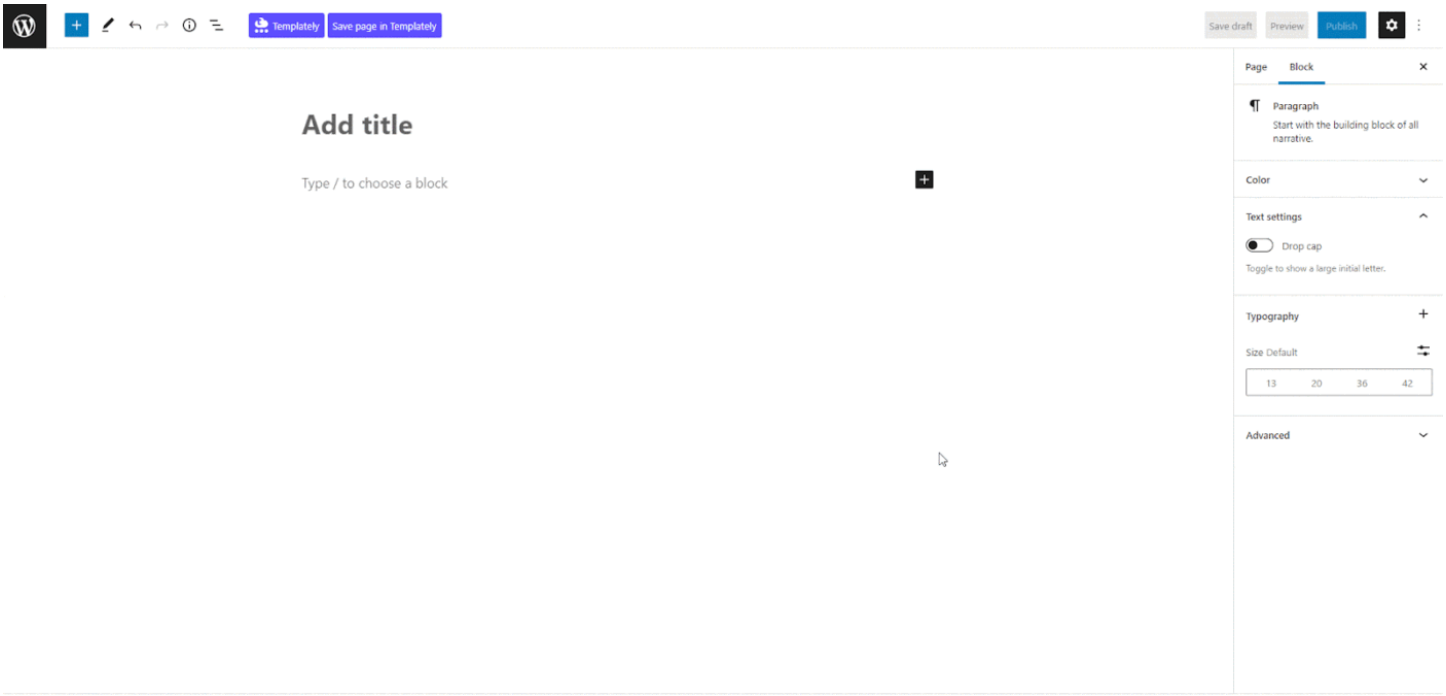

First, navigate to WordPress dashboard **Page → Add New** or select the page if you already have a created one where you want to **add advanced tabs**

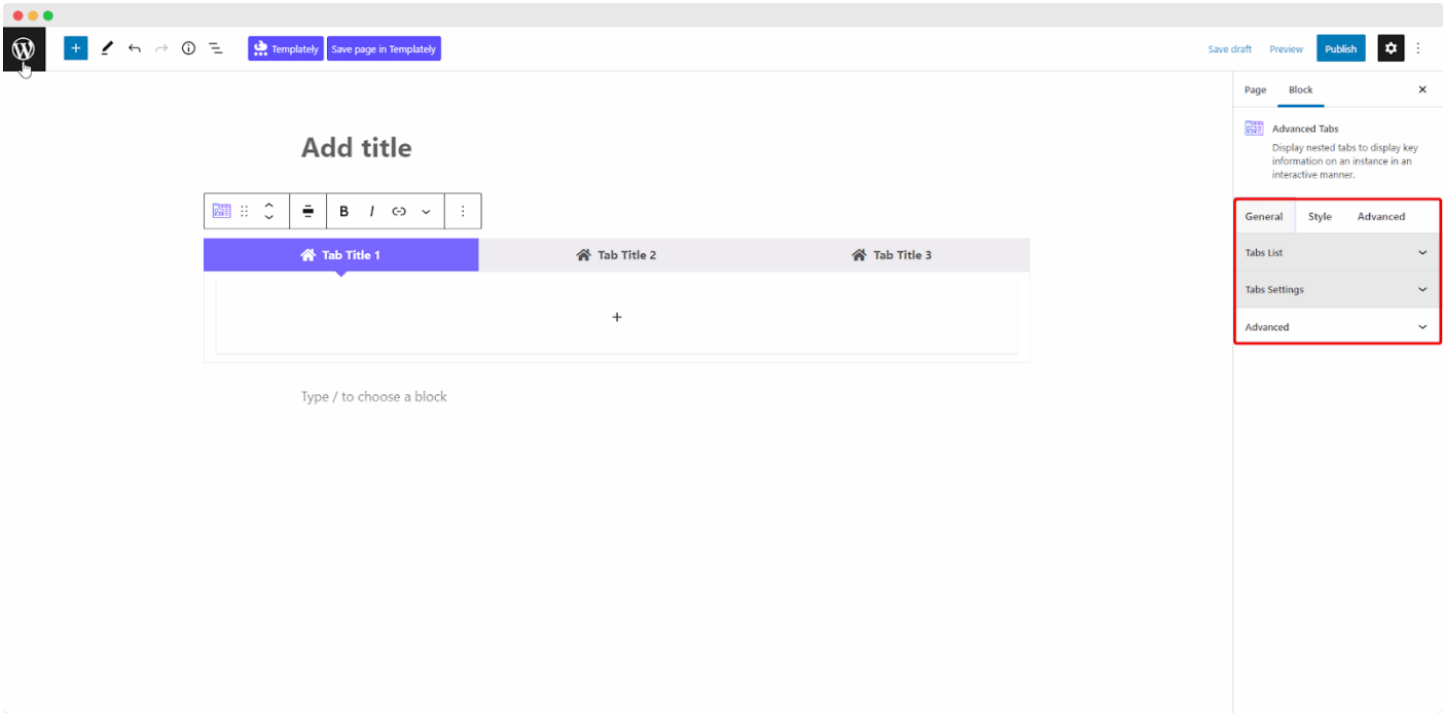

To add the **Essential Blocks** element, click on the '**+**' icon. Find **'Advanced Tabs'** from the search bar. Simply click on the block and it will be activated.

Alternatively, you can click on the '**+**' icon, search '**Advanced Tabs'** at the search bar and you will get the block. Simply drag and drop the block as shown.

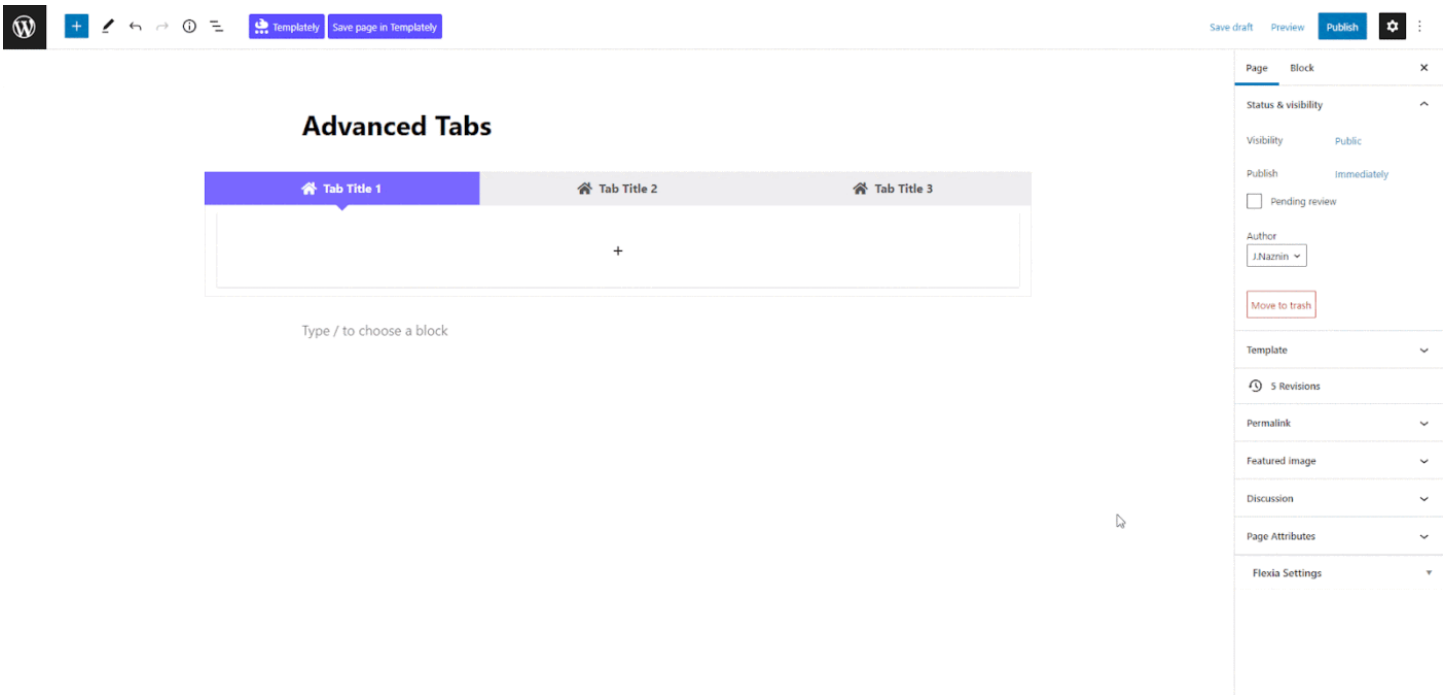

Now, click on the block. A settings panel will appear on the right side of your page. Here you can configure and personalize the contents and appearance of the **EB Advanced Tabs** .

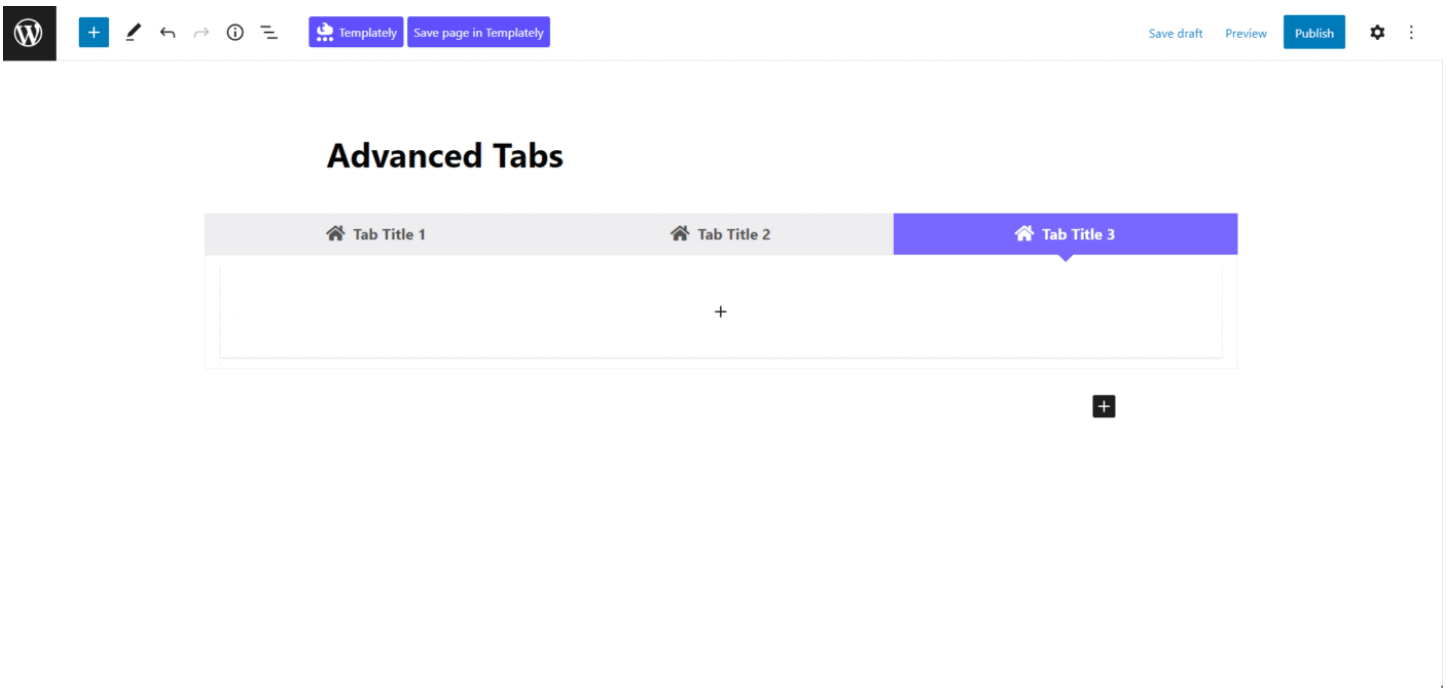

General

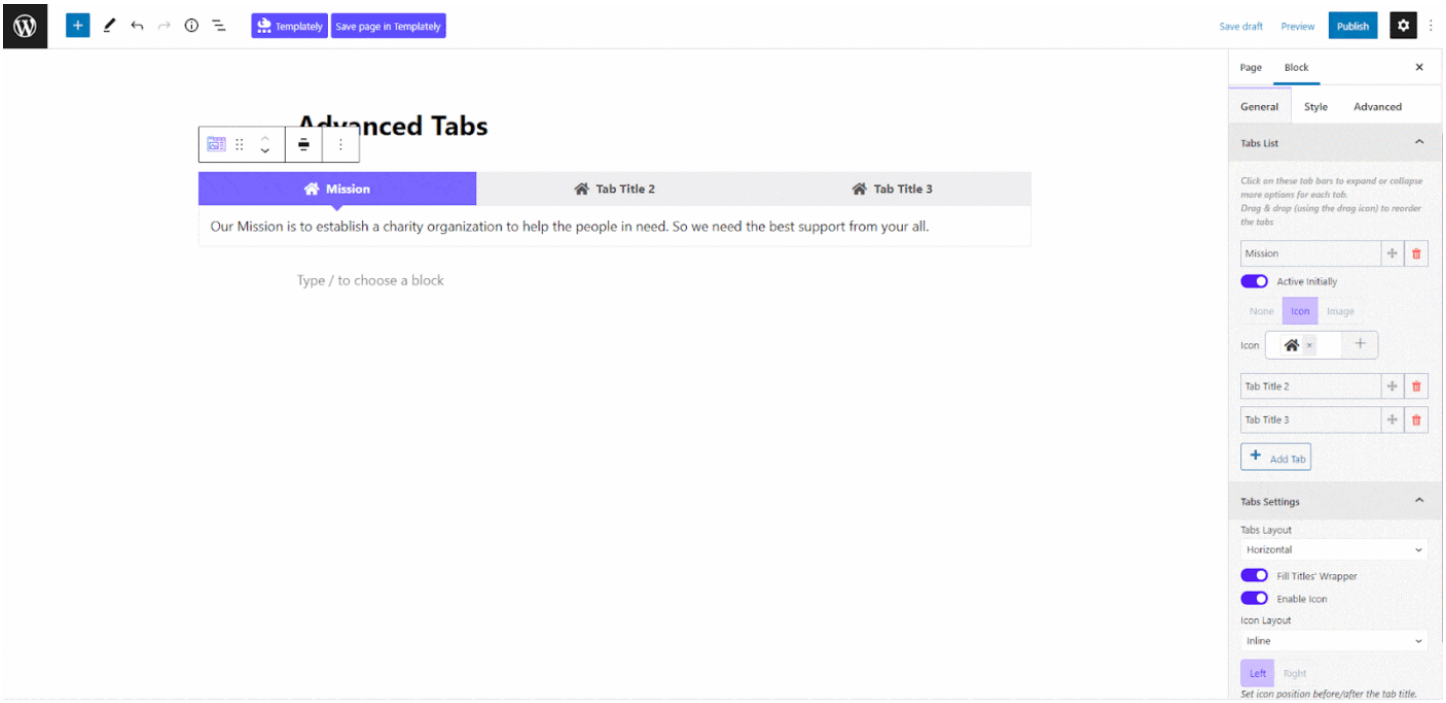

Go to the **‘General’** tab to set the content. Click on the **‘+’** icon to add the contents you want. Here, a paragraph is added. Precisely write what you want to show in the tabs.

Similarly, you can **add images, feature lists,** or anything you prefer to add to the tabs and make the advanced tabs more interactive and engaging.

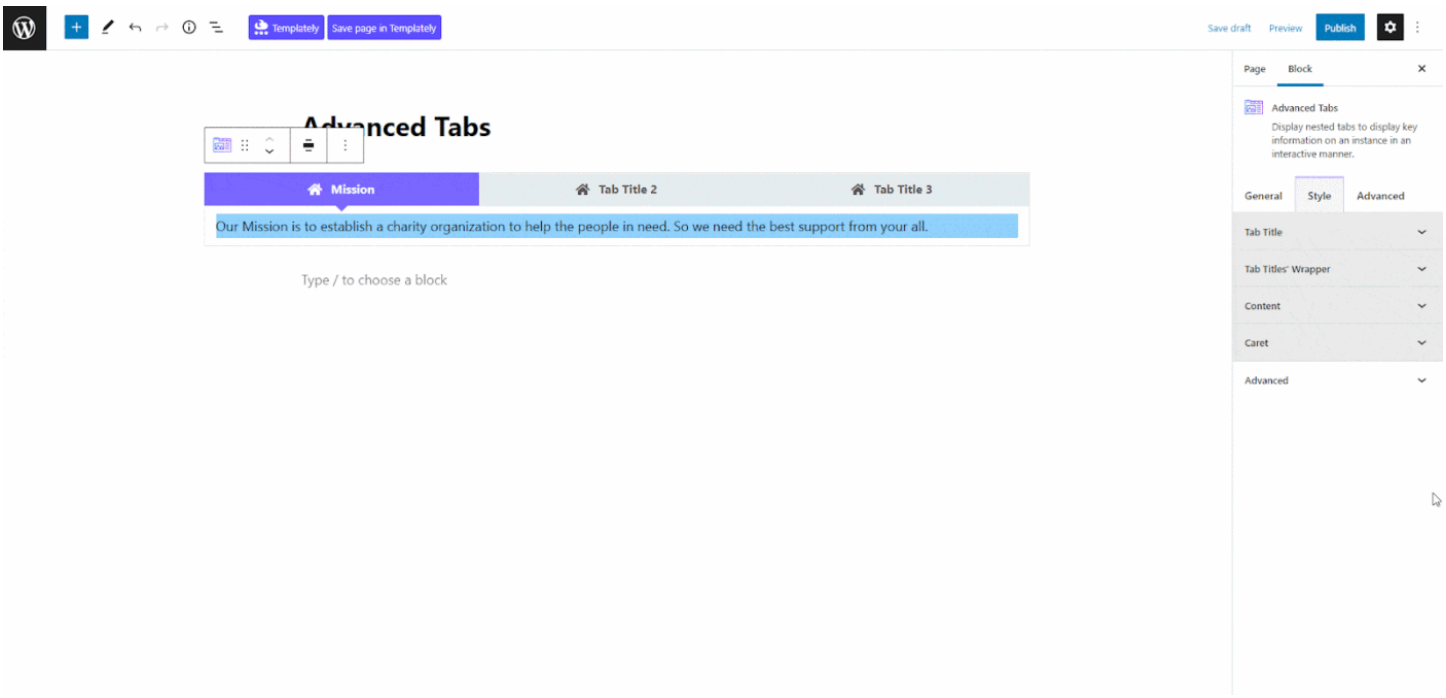

You can set the layout as vertical or horizontal from the **‘Tabs Layout’** option. Change the icon layout from this **‘Icon Layout’** option if needed.

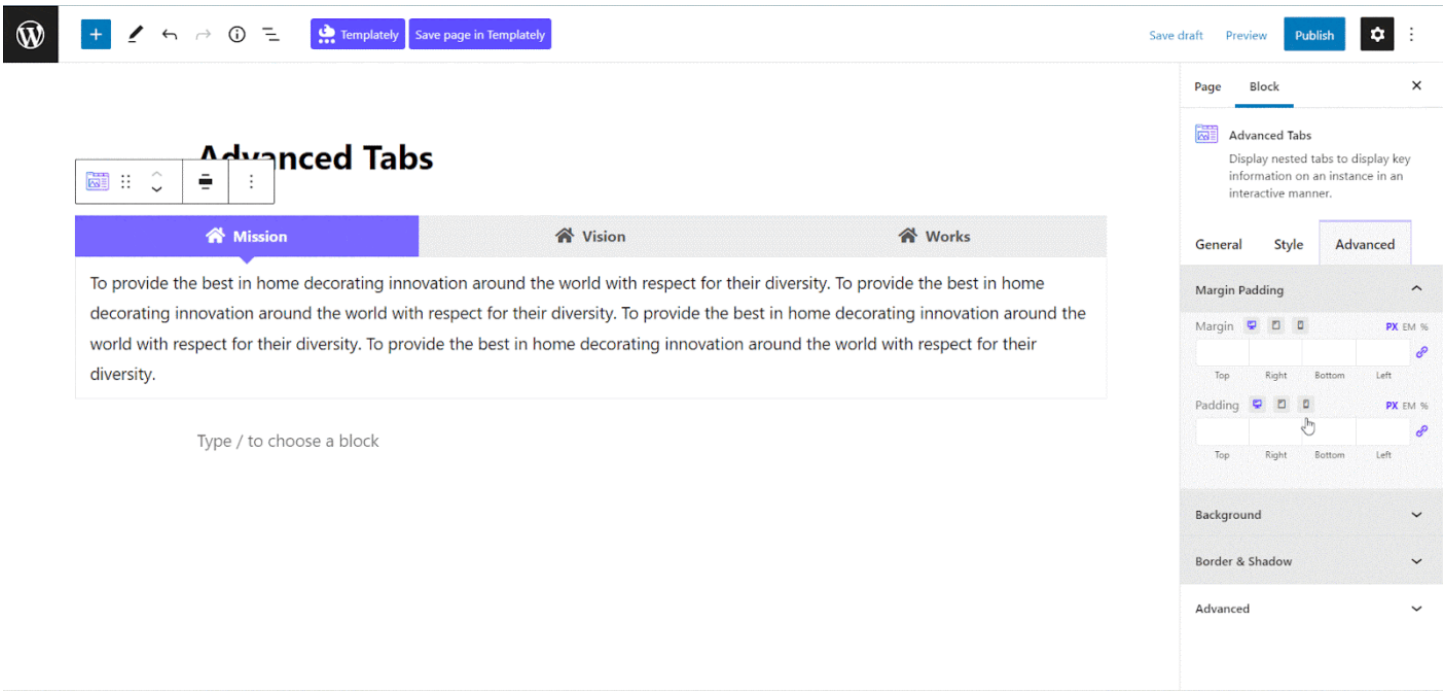

Style

From the **‘Style’** tab, customize the typography, icon style, colors, and background style from the **Tab Title**, **Colors**, and **Background** options as displayed below. Try to keep all these similar to your website’s color and theme.

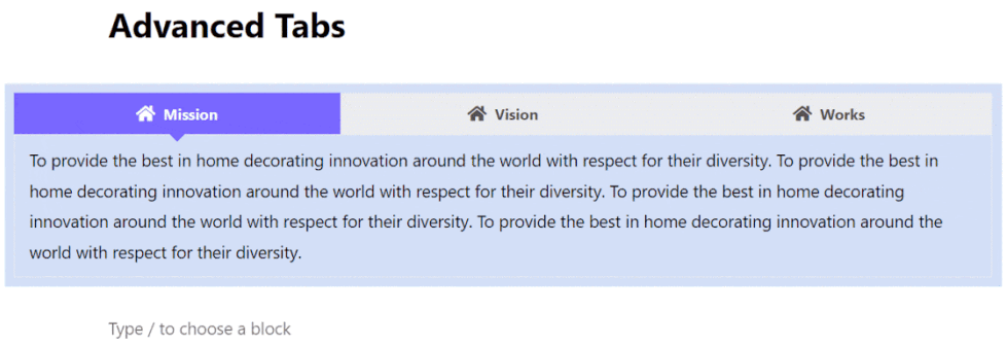

Advanced

From the '**Advanced**' tab, you can make the appearance of the tabs more interactive and appealing. Here, you can change **Margin, Padding**, **Background** type**,** color and image, **Border & Shadow**, etc. Multiple advanced block design customization options are available there.

Final Outcome

By following the simple and easy steps, you can add the **EB Advanced Tabs** block and style it in Gutenberg.

Here’s how to set and design your EB Advanced Tabs Block in Gutenberg.
